Natural Teak Beauties In A Variety Of Shapes!

Take A Peek At These Stunning Teak Vanities From Bristol and Bath!

(Philadelphia, PA – October 10, 2006) Exotic teak wood finish, clean architectural lines, timeless style, premium workmanship --- what's not to love about Bristol and Bath's stunning Teak Collection! Since ancient times Teak has been admired around the world. So durable it has been used in centuries past, as it is today, as decking on sailing ships and as the material of choice for exquisite, enduring garden furniture. Teak not only offers unsurpassed stability but blends perfectly with the steel, porcelain, and glass of today's bathroom.

The cool, minimalist style of the eleven vanities in Bristol and Bath's Teak Collection offers a plethora of design options. Perfect for indoor (and outdoor) use, each unit is designed to either stand alone or be used in combination with other units. There are five different door styles to choose from with plenty of storage options.

Nothing is left to chance, nor any detail spared when designing a bath around Bristol and Bath's Teak Collection. Along with the one and two basin vanities, the collection also provides matching accessories, including towel racks, linen baskets, cabinets, folding screens and shower mats. And to take it to the max, a range of corncing to border decorative tiles or mirrors, and flooring to be used as paneling on walls or around bathtubs is available.

Columbus S

Unrivaled natural beauties, the vanities featured here are the Columbus and the Carlton. The Carlton 100 measures 39" x 20" x 35" and is a teak vanity base with two spice-rack style drawers on each side and a solid granite washbasin, single hole (\$6,200). The Columbus S measures 20" x 20" x 20" and is a single drawer, wall hung teak vanity base (\$1,420).
