FOR IMMEDIATE RELEASE:

## Bristol and Bath's Kobe is selected as One of the Top 10 Most Unusual Kitchen and Bath Products!

*By the Editors of KITCHEN AND BATH BUSINESS!*

(Philadelphia, PA – July 11, 2007) The *KITCHEN AND BATH BUSINESS* e-newsletter has honored the Kobe tire basin from Bristol and Bath as one of the top ten most unusual kitchen and baths products. The product was honored in the most recent issue of KBBonline.com.

This unique recap highlighted products that homeowners can use to express their own personalities in the kitchen and bath. Bristol and Bath's Kobe joined a fish-n-flush toilet which houses an aquarium, a phototherapy shower that may reduce the signs of aging, and a spa designed for pets.

"We were delighted to be one of ten products selected in this exclusive listing," stated Bryan Melville of Bristol and Bath. "We first unveiled the Kobe at this year's Kitchen and Bath Industry Show and it received rave reviews! The Kobe is designed from tires that would have otherwise ended up in a landfill. Not only is this a fashionable bath fixture but it's also a great conversation piece and a purchase that is good for the environment!"

The distinctive Kobe, part of the Second Chance Collection, is pure fun with its unexpected tire motif! Available as a single wall mounted basin, a double basin and a stacked 4-tire pedestal, the tire component comes in a variety of colors and comes with a matching mirror adorned with tire lug nuts!
